Dallas Police Department Recognized for Excellence in Policy Management and Training

DALLAS, Oregon (May 8th, 2025)

The City of Dallas proudly announces the Dallas Police Department is recognized for excellence in policy management and training by Lexipol, the leading provider of solutions that empower performance excellence in public safety.

The Lexipol Connect program tracks Dallas PD's performance on five metrics proven to measure success in policy management. Dallas PD achieved *Gold*, the highest level of recognition offered, for consistent and effective policy dissemination to personnel, timely policy updates as laws change, and officer training on policies. Dallas PD's excellence in policy and policy training enhances community safety by ensuring consistent and effective response based on state and federal law and nationally recognized best practices.

"Our Policies and Procedures exist to guide members in the performance of their duties in conformity with the department mission. That mission is to provide professional, effective and unbiased police services in a fair and ethical manner. Strong policies, consistent training and strong community partnerships are vital to the success of a law enforcement agency. Being recognized by Lexipol Connect highlights our focus on continuous improvement, professionalism and public safety." – Tom Simpson, Chief of Police

"I'm very pleased with our highly professional police department, its leaders, officers and civilian staff. The Lexipol's Gold recognition is well-earned and something for our community to celebrate." – Brian Latta, City Manager
