

Groundbreaking Celebration

Molalla River Middle School

Monday,
September 15, 2025

About the Project

The Base Replacement School features:

Room to Grow

- 115,000 square feet to serve 700 students

Safe, Secure School

- Secure entryway and perimeter; controlled vestibule and after hours access; and limited exterior entry;
- Improved accessibility to comply with ADA requirements.

Efficient Building Systems

- High-efficiency HVAC with filtration.
- Modern electrical, plumbing and lighting systems.
- Seismic resilience , and ability to use gym/adjacent core as shelter.

More Opportunities for Students

- Life Skills and Behavior Program space
- Expanded Career Technical/Vocational classrooms: dedicated labs all with access to a secure courtyard workspace.
- Music and choir rooms with shared practice spaces.
- Upgraded main gym and auxiliary gym with three courts and bleachers for the entire student body.
- Outdoor covered play area and improved community ball fields.
