## Oregon's Nonfarm Payroll Employment Adds 6,900 Jobs in August

In August, Oregon's seasonally adjusted nonfarm payroll employment rose by 6,900 jobs, following a revised gain of 100 jobs in July. August's gains were largest in **health care and social assistance** (+2,500 jobs); **leisure and hospitality** (+1,500); **government** (+1,100); and **other services** (+1,000). Losses were largest in **wholesale trade** (-1,100 jobs).

Health care and social assistance continued its rapid expansion of the past several years, adding 11,600 jobs, or 3.8%, during the past 12 months. **Nursing and residential care facilities** added 400 jobs in August and 3,900 jobs, or 6.8%, since August 2024. **Hospitals**, which added no jobs in August, grew the second fastest of health care's component industries in the past 12 months (+2,900 jobs, or 4.6%). **Social assistance** (+2,400 jobs, or 3.0%) and **ambulatory health care services** (+2,300 jobs, or 2.2%) had slower growth over the year.

Leisure and hospitality grew 2.0% in the past 12 months, gaining 4,100 jobs, following little change the prior two years. Since last August, most of its published component industries added between 2% and 4%. **Amusement, gambling, and recreation** grew the fastest, adding 1,500 jobs, or 6.7%. In contrast, **full-service restaurants** cut 1,200 jobs, or 1.8%.

Wholesale trade declined rapidly in the past 12 months (-4,300 jobs, or -5.5%). All three wholesale component industries shrank substantially in that time: **merchant wholesalers, nondurable goods** (-1,500 jobs, or -4.9%); **merchant wholesalers, durable goods** (-1,000 jobs, or -2.5%); and **wholesale trade agents and brokers** (-900 jobs, or -13.0%).

Oregon's unemployment rate was 5.0% in August and 4.9%, as revised, in July, after rising gradually over the past year from 4.2% in August 2024. Oregon's 5.0% unemployment rate was 1.4 percentage points higher than the recent low of 3.6% during spring 2023. The U.S. unemployment rate was 4.2% in July and 4.3% in August.

## **Next Press Releases**

The Oregon Employment Department plans to release the August county and metropolitan area unemployment rates on Tuesday, Sept. 23, and the next statewide unemployment rate and employment survey data for September on Wednesday, Oct. 15.

## Notes:

All numbers in the above narrative are seasonally adjusted except for the component industries within health care and social assistance, leisure and hospitality, and wholesale trade.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly Oregon payroll employment and labor force data. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department publishes payroll employment estimates that are revised quarterly by using employment counts from employer unemployment insurance tax records. All department publications use this Official Oregon Series data unless noted otherwise. This month's release incorporates the January, February, and March 2025 tax records data. The department continues to make the original nonfarm payroll employment series available; these data are produced by the BLS.

The PDF version of the news release can be found at QualityInfo.org/press-release. To obtain the data in other formats such as in Excel, visit QualityInfo.org, select *Tools*, then choose *LAUS* or *CES* under the *Economy* header. The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Labor Force Status: Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence. Employed includes nonfarm payroll employment, self-employed, unpaid family workers, domestics, agriculture and labor disputants. Unemployment rate is calculated by dividing unemployed by civilian labor force.

U-6 is the total unemployed plus all persons marginally attached to the labor force plus total employed part-time for economic reasons, as a percent of the civilian labor force plus all persons marginally attached to the labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics. These survey-based estimates are revised quarterly, based on more complete information from employer tax records.
