Clatsop County Commission Chair Mark Kujala Appointed to Oregon Infrastructure Finance Authority

ASTORIA, OR — Clatsop County Board of Commissioners Chair Mark Kujala has been appointed by Governor Tina Kotek to serve on the Oregon Infrastructure Finance Authority (IFA).

The IFA plays a key role in supporting Oregon communities by providing financial assistance for essential infrastructure projects, including water systems, wastewater facilities, transportation improvements, and other critical public works that strengthen local economies and public health.

“I’m honored to be appointed to the IFA,” said Kujala. “Strong infrastructure is essential to thriving communities, especially in rural and coastal areas like Clatsop County and I look forward to supporting investments that will benefit Oregonians statewide.”

As Chair of the Clatsop County Board of Commissioners, Kujala has been actively engaged in efforts to support economic development, housing, transportation, and environmental resilience. Governor Kotek’s appointment recognizes the importance of local voices in shaping statewide infrastructure policy and funding priorities.

Chair Kujala’s term begins March 1, 2026, and runs through February 28, 2030.

For more information about the Oregon IFA, visit the Oregon Business Development Department website.
