New PACE High School Ribbon Cutting

Wapato School District will mark an important milestone in the history of Wapato Public Schools with a Ribbon Cutting Ceremony for the new PACE High School on **Monday, August 24, 2026, at 5:30 p.m.**

The new PACE High School, located at 310 S. Wasco Ave. represents the District's continued commitment to providing students with safe, innovative, supportive learning environments where they have the opportunity to succeed.

The new school was made possible through the support of the Wapato community, which approved a construction bond measure in February 2024. That investment provided the resources needed to bring the new PACE High School from vision to reality and reflects the community's commitment to Wapato students and their future.

Wapato School District Superintendent Kelly Garza says we are grateful to our voters for investing in our students and helping us create a learning environment that will serve PACE students and staff for generations to come.

Following the ribbon cutting ceremony, refreshments will be served and an open house will be held, including guided tours of the new facility.
