Illegal Alien from Mexico Sentenced for Immigration Violations

EUGENE, Ore.— A Mexican National, illegally inside the United States, was sentenced to federal prison today for illegal re-entry.

Javier Osorio-Altamira, 50, was sentenced to 12 months and 1 day in federal prison and 3 year' supervised release announced U.S. Attorney Scott E. Bradford for the District of Oregon.

According to court documents, Osorio-Altamira had been removed from the United States on three prior occasions. During Osorio-Altamira's first illegal stay in the United States, he attempted to force his way into an apartment and threatened to kill a woman while holding a 12-inch knife. He was convicted of unlawful use of a weapon and removed from the country.

After the most recent illegal stay, he was charged in Marion County for allegedly sexually touching a child on multiple occasions. After his arrest, the state released him into the community. On April 16, 2016, Osorio-Altamira was arrested by immigration authorities for immigration crimes, made his initial appearance in federal court, and was detained.

Records show that Osorio-Altamira was previously deported from the United States on June 10, 2015, May 20, 2016, and June 4, 2016. He has never applied for or received permission from the Attorney General of the United States or the Secretary for the Department of Homeland Security to reenter the United States.

On April 16, 2026, a federal grand jury in Eugene returned an indictment charging Osorio-Altamira with illegal re-entry. On June 3, 2026, he pled guilty to this charge.

This case was investigated by Immigration and Customs Enforcement.
