

Sixth Annual

Frienduro

Join the Westside Trail Federation and our amazing local sponsors Propain Bikes, SRAM, RockShox, Velocio, 805 Brewing, Lolo Racks, Cascade Bikes, Cyclepath PDX, Kitworks, Leatt, OneUp Components, Metropolis Cycle Repair, Warpaint, Moon Gravity Racing, Blackstone Stitchworks, and Smokehouse Chicken & Guns to celebrate the Sixth Annual Frienduro Fundraiser.

This is a halloween-themed fundraiser race on the famous Fear & Loaming trail. Come prepared to ride two laps of Upper Fear & Loaming, eat some delicious food, maybe do a little trail work and who knows what other mid-ride activities. Our sponsors have once again been extremely generous, and there are some truly amazing prizes to be won.

But don't forget that this is a fundraiser for our newly approved epic progressive jump trail, [Electric Snake](#). We encourage participants to donate so we can start building this beast! So please open up those wallets and donate big; 100% of your support goes towards building this new trail!

Registration

Date and time

Saturday, October 17, 2026 · 9 a.m. – 4 p.m. PDT

Location

Idiot Creek Loop Tillamook, OR 97141

Steps to register

1. When registering, it's required to add the OBRA single-day license to your cart if you don't already have an annual license.
2. Expect a follow-up email with all the details.

Each member of a team will need to register individually. Any proceeds from the \$75 Frienduro fee goes directly back into the trails and \$5 is a license OBRA requires. If you have a 2026 OBRA license already, you're covered!

NOTE: The \$75 fee includes a meal voucher for Chicken & Guns, who will be on-site providing their delicious food!

Thanks for signing up and helping fund more trails!

REGISTER

Event Info

This race takes place on the upper section of the [Fear & Loaming trail.](#)

We try to keep our Frienduro format fresh, ensuring all riders have maximum fun on this well-loved race course. Those who've raced previous Frienduros will recognize our classic "checkpoint racing" style and team dynamics, and this year we're leaning into that even harder.

Each rider will be asked to join a team of 2-5 people. You and your team will all drop at the same time, and will be able to complete a number of checkpoints on your way down the hill. Riders will have a bingo-card-style race plate, and you have the opportunity to complete multiple optional checkpoints for the chance to win prizes, or skip some for a faster time.

Each racer gets a Bingo card race plate with randomly placed checkpoints.
